Gentlemen:

Re: Coal Creek Water Users Association  
Surety Bond

Mr. Theron Ashcroft of Cedar City, Utah, has been recommended to the State Engineer to act as Water Commissioner of the Coal Creek Distribution System for the year 1952. However, before Mr. Ashcroft can be officially appointed to the above position, it will be necessary that a surety bond in the amount of \$2,000.00 be furnished for approval of the State of Utah binding Mr. Ashcroft as principal to the Utah State Engineer and/or the State of Utah.

It is understood that your local representative at Cedar City will be given commission credit and will complete the bond in every detail before it is submitted to my office for processing.

The premium on the bond will be paid by this office after approval of the bond and upon receipt of your invoice in duplicate.

Very truly yours,
